

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Attach the crossbar (B) to the outlet box and secure by using the two screws (A). The side of the mounting plate marked "GND" must faced outside.
4. Connect the white wire from the fixture to the white wire of the outlet box. Connect the black wire from the fixture to the black wire of the outlet box. Connect the ground wire from the fixture to the ground wire of the outlet box by using the wire connector provided.
5. Line up the pre-drilled holes in canopy (C) and secure to crossbar (B) with plate screws (D).
6. Install the shade (F) and cap (G) onto the socket (E) and secure with the socket ring (H).
7. Install proper bulbs (not included) into each socket (E) referring to the markings and/or labels on the fixture for maximum wattage.
8. Restore power to the installation point and retain this sheet for future reference.
